

ATEQ TPMS Tools Promotes Joshua Holmes to Service/Support Manager

Livonia, MICH. - ATEQ TPMS Tools, LC, leader of TPMS Tool solutions for the OE, Industrial and Aftermarket industries announced the promotion of Joshua Holmes to Service/Support Manager. Holmes will be managing the technical support team day-to-day and working closely with all ATEQ partners and customers. He has been with ATEQ since 2018.

"Josh has excelled tremendously throughout the three years he has been at ATEQ," said Desart Dinkollari, Operations Manager. "Not only has Josh worked very hard at providing the best experience for ATEQ customers, he has also formed and maintained relationships with all ATEQ partners. We are very fortunate to have Josh on our team and I'm looking forward to working with him in his new role."

Holmes joined the ATEQ team in 2018 as the Database Assistant and was quickly promoted to Technical Support Specialist. In his role in technical support, Holmes worked with ATEQ customers and trained them on TPMS by phone, email and in-person training. During this time, he also gained the trust and confidence of major national accounts that ATEQ works with. In his new role as Service/Support Manager, he will build on those relationships with customers and national accounts to ensure customer satisfaction on every level.

"I am looking forward to working more closely with our customers and partners while still managing the day-to-day in technical support," Holmes said. "Overall, I'm excited and ready to take on this challenge and provide the best service to our customers and partners."

About ATEQ TPMS Tools

ATEQ TPMS Tools, LC is a division of ATEQ which was founded in 1975. We are the number one world supplier in the TPMS (Tire Pressure Monitoring System) field by supplying an entire range of TPM activation tools for both assembly lines and tire repair shops
